2017 ROAD CONSTRUCTION AND CLOSURE NOTICES:

Upcoming road closure notices for immediate release to the general public of Iowa County. These projects will consist of spot improvements resulting in localized traffic delays, spot road closures, and localized detours during the daytime hours of 6AM and 4PM Monday thru Thursdays. The projects will affect the following roads:

- STH 191 between STH 39 and Bennett Road, from Hollandale to Dodgeville**
- CTH K between CTH ID and STH 14, north of Barneveld**
- CTH Q between CTH CH and CTH B, west of Dodgeville**

The Iowa County Highway Department will be performing culvert and pavement replacement on portions of CTH K north of Barneveld during the 2017 construction season. **CTH K between Mounds Park Road and STH 14 will have periodic spot improvement road closures between Monday May 29th and Friday June 9th 2017 for culvert pipe replacements during the daytime hours of 6AM and 4PM Monday thru Friday during which time the roadway will be impassable.** Traffic will be controlled by flagging operations which will require through traffic delays and localized detours. It is recommended to find alternative routes to reach your destinations during this timeframe. The anticipated duration of this phase of work will be two weeks.

CTH K will return to normal traffic flow on or about June 12th for the remainder of the summer until mid-August. In mid to late August, a pavement replacement project will commence for the same locations from Mounds Park Road to the Orcutt bridge just north of Knight Hollow Road. The pavement replacement project will consist of reducing the existing roadway to a gravel surface for a period of 6 to 8 weeks, then replacing the asphalt driving surface. **Commencing on or about August 21st, work will occur weekly during the daytime hours of 6AM and 5PM Mondays thru Fridays inclusive.** Delays and localized detours can be expected for these locations during the timeframes provided. The roadway is anticipated to be completed and returned to normal traffic flow in early to mid October of 2017.

The Iowa County Highway Department will be performing a culvert and spot pavement replacement project on portions of STH 191 between Hollandale and Dodgeville during the weeks of Monday May 15th and Friday May 27th 2017 during the daytime hours of 6AM and 4PM Mondays thru Fridays inclusive. Spot improvements will require for periods of time the roadway will be impassable and traffic detoured. Traffic will be controlled during these timeframes utilizing flagging operations, which will result in traffic delays, spot road closures, and localized detours. It is recommended to find alternative routes of travel to reach your destinations during these timeframes. The anticipated duration of this work will be two weeks in May. In the month of June asphalt pavement replacement will occur at the same locations under normal flagging operations.

The Iowa County Highway Department will be closing a portion of CTH Q between CTH CH and CTH B west of Dodgeville during the months of June and July. During this timeframe the roadway will be closed to all traffic. A concrete box culvert will be replaced over a branch of the Pedlar Creek just south of CTH CH resulting in the roadway being impassable for the duration of the project. Traffic is recommended to utilize other routes (CTH B to STH 23 through Dodgeville to USH 18 or alternatively STH 39 through Linden to USH 18) to reach their destinations during this timeframe.

The Iowa County Highway Department will host a public information meeting to provide information to citizens for all of these projects on Thursday May 11th from 6:30 PM to 7:30 PM at the Community Room of the Iowa County Health & Human Services Building located at 303 W. Chapel Street in Dodgeville. Or concerned citizens may contact the Highway Department at 608-935-3381 between the hours of 6AM and 4PM Monday thru Thursday for any questions.

Respectfully Submitted,

Craig E Hardy, PE/RLS
Iowa County Highway Commissioner
