The project will consist of pulverizing the existing pavement to gravel, grading, shaping, repaving of the asphaltic surface, shouldering, and pavement markings. The project will include the following areas:

CTH K from Mounds Park Road to CTH KK, north of Barneveld

CTH K from CTH KK to STH 14, north of Dodgeville

A detour route will be established for daily through traffic. **The detour route for northbound CTH K traffic will consist of CTH ID at the CTH K intersection in Barneveld, easterly to CTH F in Dane County, north on CTH F in Dane County to CTH KP, then north on CTH KP to STH 14 in Mazomanie, then west on STH 14 back to the CTH K intersection. Local Traffic will be allowed to enter/exit their residences for the duration of the project. The process will include pulverizing the existing asphalt to an asphaltic gravel product. There may be short periods of time when the roadway will be difficult to traverse as a result of the pulverization process, especially for low profile vehicles such as cars. The pulverizing work will commence on Wednesday September 27th and continue through Friday October 6th. Repaving of the asphalt surface should commence on or about Monday October 9th and go through the end of the month of October. It is anticipated the project will be completed around Friday November 10th. In the construction zone, local traffic will also be controlled by flagging operations which will require delays. It is recommended to follow the detour route or other alternative routes to reach your destinations during this timeframe.

Concerned citizens may contact the Highway Department at 608-935-3381 between the hours of 7AM and 3:30PM Monday thru Thursday for any questions.
