Planning & Zoning Committee Recommendation Summary

Public Hearing held on November 1, 2023

Zoning Hearing 3375

Recommendation: **Approval**

Applicant(s): Aaron & Carolyn McCrary

Town of Brigham

Site Description: SW/SW of S24-T6N-R5E also affecting tax parcel 004-0839.B

Petition Summary: This is a request to zone 5.94 acres from A-1 Ag to AR-1 Ag Res.

Comments/Recommendations

1. This lot was created by deed recorded in 1984 at which time the minimum lot size for the A-1 district was (and still is) 40 acres. In order to be eligible for permits, the lot either needs to be enlarged to at least 40 acres or rezoned.
2. If approved, the AR-1 lot would allow the existing single family residence, accessory structures and limited ag uses including up to 3 animal units as defined in the Iowa County Zoning Ordinance.
3. The lot was created prior to the certified survey map requirement.
4. The lot does have an easement to Prairie Grove Rd.
5. Per Section 11.0 of the Iowa County Zoning Ordinance, the following standards are to be considered when deciding a zoning change:
 - 1) The petition is consistent with the Iowa County Comprehensive Plan and the comprehensive plan of any Town affected by said petition.
 - 2) Adequate public facilities and services (including sewage and waste disposal, water, gas, electricity, schools, police and fire protection, and roads and transportation, as applicable) will be available as required by the petition while maintaining adequate levels of service to existing development.
 - 3) Provisions of public facilities to accommodate the petition will not place an unreasonable burden on the ability of affected local units of government to provide the.
 - 4) The petition will not result in significant adverse impacts upon surrounding properties or the natural environment, including air, water, noise, stormwater management, soils, wildlife and vegetation.
 - 5) The land associated with the petition is suitable for the proposed development and said development will not cause unreasonable soil erosion or have an unreasonable adverse effect on rare or irreplaceable natural areas.
 - 6) The petition will not be used to legitimize a nonconforming use or structure.

- 7) The petition is the minimum action necessary to accomplish the intent of the petition, and an administrative adjustment, variance, or Conditional Use Permit could not be used to achieve the same result.
- 8) The petition will not result in illegal "spot zoning" (i.e. use is inconsistent with surrounding properties and serves only a private, rather than public interest).
