Planning & Zoning Committee Recommendation Summary

Public Hearing held on July 27, 2023

Zoning Hearing 3362

Recommendation: **Approval**

Applicant(s): Steven Massey etal. and David Waldera

Town of Moscow

Site Description: SE/SE of S18-T5N-R5E also affecting tax parcels 020-0104; 0105

Request: This is a request to zone 1 acre from A-1 Ag to AR-1 Ag Res and for a Conditional Use Permit to allow animal units as defined in the Iowa County Zoning Ordinance.

Comments/Recommendations

1. This is a proposal to enlarge an existing nonconforming A-1 Ag lot of 0.34 acre (Waldera) by enlarging to 1.0 acre.
2. If approved, the lot would be eligible for one single family residence (existing), accessory structures and limited ag uses. The associated CUP request is to allow up to 2 animal units (10 chickens & 2 goats).
3. The associated certified survey map has been submitted for formal review.
4. Per 11.0 of the Iowa County Zoning Ordinance, the following standards are to be considered when deciding a zoning change:

- 1) The petition is consistent with the Iowa County Comprehensive Plan and the comprehensive plan of any Town affected by said petition.
- 2) Adequate public facilities and services (including sewage and waste disposal, water, gas, electricity, schools, police and fire protection, and roads and transportation, as applicable) will be available as required by the petition while maintaining adequate levels of service to existing development.
- 3) Provisions of public facilities to accommodate the petition will not place an unreasonable burden on the ability of affected local units of government to provide the.
- 4) The petition will not result in significant adverse impacts upon surrounding properties or the natural environment, including air, water, noise, stormwater management, soils, wildlife and vegetation.
- 5) The land associated with the petition is suitable for the proposed development and said development will not cause unreasonable soil erosion or have an unreasonable adverse effect on rare or irreplaceable natural areas.
- 6) The petition will not be used to legitimize a nonconforming use or structure.
- 7) The petition is the minimum action necessary to accomplish the intent of the petition, and an administrative adjustment, variance, or Conditional Use Permit could not be used to achieve the same result.
- 8) The petition will not result in illegal "spot zoning" (i.e. use is inconsistent with surrounding

properties and serves only a private, rather than public interest).

5. Per section 4.0 of the Iowa County Zoning Ordinance, the following standards are to be considered for a CUP:

- 1) The proposed use complies with all applicable provisions of this Ordinance.
- 2) The proposed use is compatible with adjacent legal uses in terms of scale, site design, operating characteristics (hours of operation, traffic generation, lighting, noise, odor, dust and other external impacts).
- 3) There are no significant anticipated measurable adverse impacts to the surrounding legal uses and environment resulting from the proposed conditional use.
- 4) Any adverse impacts resulting from the use will be mitigated or offset to the maximum practical extent.
- 5) Public safety, transportation, services and utility facilities exist or will be available to serve the subject property while maintaining sufficient levels of service for existing development.
- 6) Adequate assurances by the applicant of continuing maintenance are provided.
- 7) The proposed use is consistent with the Iowa County Comprehensive Plan

Town Recommendation: The Town of Moscow is recommending approval.

Staff Recommendation: Staff recommends approval with the condition that the associated certified survey map is duly recorded within 6 months of County Board approval.
