

14-594

To the Honorable Iowa County Board of Supervisors

Whereas a request has been filed by the Mineral Point Town Board and the Ludden Lake Lake District for a change in the delineated floodplain for the area within the Town of Mineral Point downstream of the Ludden Lake Dam and

Whereas the Department of Natural Resources has calculated a revised floodplain delineation for the area with and without breach conditions for a 100 year floodplain below the Ludden Lake Dam and

Whereas a public hearing has been properly noticed and held to consider the available data and interested parties were given an opportunity to review the maps and no objections were filed

Now Therefore Be It Resolved that the floodplain for the section of the Mineral Point Branch in the Town of Mineral Point below the Ludden Lake Dam is hereby amended as shown on the attached map and analysis calculations and this new data will become a part of the Iowa County Floodplain Ordinance and the map will be filed in the office of Iowa County Clerk and Iowa County Zoning to be available for public inspection.
