No. 2-296

February 7, 1996

TO: County Board Supervisors

The Transportation Dept. would like to amend their previous request to charge \$100 for driveway permits along county highways and have it lowered to \$50. They believe that since most of the townships are charging \$100 and up that we could lower our charge. Our jurisdiction of driveway permits usually covers 33 ft. from the center of the road to the right-of-way. The townships cover the driveways from the right-of-way to the building sites. Therefore, the \$50 charge should cover the county's expenses.
