Report (No. 9) of the Iowa County Highway Committee and Iowa County Highway Study committee was read.

To the Honorable Board of Supervisors of Iowa County:

Gentlemen:

We, the undersigned committees beg leave to report that an inspection was made last fall of all the County Trunks in Iowa County, and found that it would take millions of dollars to honor all petitions for construction, surfacing and placing bituminous mats on County Highways as requested.

The increased traffic load is breaking down the County Highways faster than the Highway Department can improve our highway system, as there is not enough funds to meet the public demands.

Therefore, we recommend that the County Highway Commission continue to take advantage of all Federal Funds which become available on Federal Aid County Trunk Highways, as the Federal Aid Projects on County Highways which were built on Federal standards with Federal Funds are paying dividends in the long run.

The Highway program was set up by the undersigned committees last November for matching of Federal Aid on projects programmed, maintenance, ice prevention and snow removal. This left part of the fund for emergency repairs or construction for public safety, and therefore we report that the Highway Committee will honor the petition on County Trunk Highway "W" north of Jonesdale, (known as the Jonesdale Hill) for relocation and construction of said County Highway if funds are available.

We are gradually improving our highway system, but we are still far short of the desires and needs of the traveling public.

Respectfully submitted,

Resolution (No. 21) amending Highway Resolution No. 17 of the 1955 Session of the County Board was read.

To the Honorable Chairman and Members of the Iowa County Board of Supervisors.
Gentlemen:

We, the undersigned, hereby petition and request that the Iowa County Board of Supervisors adopt the following resolution, to-wit:

RESOLUTION NO. 21

Resolution Amending Resolution No. 17—County Aid Construction and maintenance during the calendar year 1956, known as the Highway resolution, adopted November 17, 1955, and set forth in the Iowa County Board proceedings of 1955 on page 49, and also setting forth the procedure of selection and tenure of the Patrolman Superintendent.

WHEREAS, on November 17, 1955, Resolution No. 17—County Aid Construction and maintenance during the calendar year 1956, known as the Highway Resolution was adopted by the Iowa County Board of Supervisors, said resolution being set forth on page 49 of the printed proceedings of said Board for the year 1955, and

WHEREAS, Section VIII of said resolution provides as follows, to-wit:

"WHEREAS the County Highway Committee and County Highway Commissioner are charged with the duty and responsibility of

carrying out the construction and maintenance of highways for which provision is made, and other related supervisory and administrative duties.

BE IT RESOLVED that the County Highway Commissioner shall have authority to employ, discharge, suspend, or reinstate such personnel as he deems necessary for such purposes, provided, however, that the County Highway Committee may by action recorded in its minutes determine the number of persons to be hired and may also at any time by action so recorded order the County Highway Commissioner to employ, discharge, suspend, or reinstate any such person. The term "personnel" or "person" shall include all patrolmen, laborers, foremen, clerks, stenographers, or other employees necessary to carry on such activities."

WHEREAS, Section 83.01(4) of the Wisconsin Statutes for 1955 provides that the power to appoint assistants for the County Highway Commissioner is vested in the County Board, and

WHEREAS, the Attorney General of the State of Wisconsin has ruled on numerous occasions that this power may be delegated to the County Highway Commissioner or to the County Highway Committee or to both jointly, and

WHEREAS, it appears from said Resolution No. 17 that said Iowa County Board of Supervisors have delegated said power to the Highway Committee and Highway Commissioner jointly, and

WHEREAS, occasions frequently arise which make it wise and desirable that the County Board of Supervisors exercise power given it by Statute, one of said powers being set forth in Section 83.01(4) of the Wisconsin Statutes for 1955, and that said County Board of Supervisors not delegate all the authority so granted it under said Section of the Statute,

NOW, THEREFORE, BE IT RESOLVED that Section VII of Resolution No. 17, known as the Highway Resolution, said resolution being printed on page 49 of the Iowa County Board Proceedings of 1955 be amended to read as follows, to-wit:

WHEREAS the County Highway Committee and County Highway Commissioner are charged with the duty and responsibility of carrying out the construction and maintenance of highways for which provision is made, and other related supervisory and administrative duties.

BE IT RESOLVED, That the County Highway Commissioner shall have authority to employ, discharge, suspend or reinstate such personnel as he shall deem necessary for such purposes, except that the Patrolman Superintendent shall be selected by the Iowa County Board of Supervisors, provided, however, that the Iowa County Highway Committee may by action recorded in its minutes determine the number of persons to be hired and may also at any time by action so recorded order the County Highway Commissioner to employ, discharge, suspend or reinstate any such person, except that said Committee shall exercise no such powers in regard to the Patrolman Superintendent, said powers over that position being vested in the Iowa County Board of Supervisors. The term "personnel" or "person" shall include all patrolmen except the Patrolman Superintendent, all laborers, foremen, clerks, stenographers, or other employees necessary to carry on such activities.

BE IT FURTHER RESOLVED, That the Patrolman Superintendent shall be elected by the County Board of Supervisors at the same time as the County Highway Commissioner and for the same term.

an easement was read.

To the Honorable Chairman and Members of the
County Board of Supervisors:

We, the undersigned Public Property Committee, hereby petition
the Iowa County Board of Supervisors to adopt the following resolu-
tion, to-wit:

RESOLUTION NO. 42

**RESOLUTION PROVIDING THE GRANTING OF AN EASEMENT

WHEREAS, Lillian Kessler, owner of the Dodgeville Chronicle, is
desirous of installing sewage laterals in the Dodgeville Chronicle

WHEREAS, the proper place to install said laterals is on the
North side of said building, and

WHEREAS, said Lillian Kessler does not own any land North of

WISCONSIN COUNTY BOARDS ASSOCIATION

Madison 3, Wisconsin
October 2, 1956

TO ALL COUNTY CLERKS: Relating to 1957 Dues for the Wisconsin County Boards Association.

Gentlemen:

We have received requests from several county clerks asking that we advise them of the amount that should be placed in the budget to cover Association dues for the year 1957.

Listed below is the detail of the dues for the year 1957 so that you will have the proper amount to place in your budget.

You will notice that there is a charge in the magazine dues for the coming year. This was due to action taken at the 1956 convention which increased the magazine dues from \$4.00 per year, the present rate, to \$5.00 per year beginning January 1, 1957 in order to take care of the increased printing costs.

Your cooperation in seeing to it that this amount is placed in the county budget for the coming year will be appreciated.

Very truly yours,

ance with the provisions of Section 254.16 of Small Claims Court Statute.

12. In the event actual service by mail is not made, then the provisions in Section 254.18 of Small Claims Court Statute shall apply.

In few other fields of human endeavor is the penalty for a mistake so deadly as in the operation of an automobile on our highways today.

While the State of Wisconsin was setting a new record for deaths on the highway during the past year, Iowa County recorded 10 deaths

on its highways, six of these deaths a result of the vehicle involved leaving the highway.

The most interesting development of the year was the use of the point system in driver control. No other regulation in years has gained and held the public interest to such an extent, and will undoubtedly save many lives in the future.

We wish to take this opportunity to thank you and the county officers for their kind co-operation during the year.

What Are We?

We are a Welfare Agency that stands ready to help people in need. Everyone has troubles. Most people face, at some time in their lives, a situation in which they must depend on someone else for help. But the kind of help that people need varies widely. Financial assistance

can enable the needy to have shelter, food, and clothing thereby giving them a sense of security. In addition to financial help they need guidance. One of the tasks of the social worker is to help an individual have insight into his problems so that he can follow a course of action which is mutually agreed upon.

Direct Relief and Administration -----	89,161.17

We have \$817.87 due from other counties in the state which we have paid out for non-resident families. When this amount is received, it will be credited to our General Relief account.

The figure on the previous page for Administration is based on a ten month's report. Our reimbursement from the Federal and State Government has not been received for November and December.

Therefore, when this reimbursement is received, the net cost to the county for the above program will be considerably less.

DISPOSITION OF FUNDS

Old Age Assistance -----	Total	\$218,326.60
Grants -----		\$188,170.50
Medical -----		28,181.10
Burials -----		1,975.00

At the beginning of the yearly period covered by this report, (306) persons were receiving OAA, including (7) in the County Home. At the end of the period, (310) were receiving OAA, including (8) in the County Home. The number of cases applying for and receiving OAA remains about the same. We have received (62) applications for OAA this year, but have discontinued (48) cases for reason of death, sufficient income, etc. Medical costs are running very high on our social security aid cases.

Aid to Dependent Children in their own home or the homes of relatives -----	Total	\$ 39,915.82
Grants -----		\$35,305.75
Medical -----		4,460.07
Burials -----		150.00

The number of cases receiving ADC also remains about average over the year's period. The number of persons receiving ADC at the beginning of the year was (124) with (85) children receiving care.

At the end of the period (127) persons were receiving with (88) children receiving care. We do not have any foster homes in Iowa County, so we do not have that expense.

Aid to the Blind -----	Total	\$ 4,579.80
Grants -----		\$ 4,202.50
Medical -----		377.30

Our case load for Blind Aid is low, and continues about the same throughout each year. At the beginning of the year, we had (5) cases receiving BA and at end of the year (6) cases were receiving aid.

Aid to the Disabled -----	Total	\$ 3,746.70
Grants -----		\$ 2,220.00
Medical -----		1,376.70
Burials -----		150.00

Our Disabled Aid case load continues about the same as Blind Aid. (4) cases were receiving Disabled Aid at the beginning of the year and (3) cases were receiving aid at the end of the period. The medical expense for this aid has been high as some of our cases reside at the hospitals and this does require more medical expense.

GENERAL INFORMATION

The aged, blind, disabled and families with dependent children who meet certain legal requirements and who have little or no means of support apply to the public welfare department for financial assistance. The amount of aid granted depends upon their living situation and resources available to them. Need is determined on the basis of a budget for which a fixed amount is allowed for food, clothing, personal, household, and school supplies. These amounts are set according to the number of persons in the family arrangement, age and activity. Shelter and fuel are determined at the actual cost and utilities according to the type, amount and current rates.

All income or resources available to the individual or family are deducted from the total budget needs. Assistance is granted on the difference between total budget needs and income. Checks are mailed at the first of each month.

All recipients of aid are entitled to medical care services which

are properly authorized by the department. Fee schedules for such medical services are used in determining the amount of payment.

The welfare department like many other county government services carries out its function through personal contacts with the public. Persons coming to the welfare department for help have experienced financial or personal difficulty and many are anxious and distressed. Prompt and courteous attention helps to put visitors at ease.

Many persons in the community are unfamiliar with the functions and operating procedures of a county welfare department. Therefore, careful interpretation of the agency program is essential to good public relations.

In conclusion, because of the fact that I am separating from this department, I wish to take this opportunity of expressing my appreciation to each member of the County Board of Supervisors and especially to my Advisory Committee for their fine cooperation during the past twenty-two years.

Respectfully submitted:

Edmund Baker, Director
Iowa Co. Public Welfare Dept.
