Report (No. 3) of the Civil Defense Committee was read.

Dodgeville, Wis., April 15, 1958

To the Honorable Board of Supervisors of Iowa County,

Gentlemen:

We, your Civil Defense officials, beg leave to report as follows:

One year ago you adopted a civil defense ordinance, setting up a Commission to prepare for emergencies in Iowa County. Every town, village and city is now included in one of the twelve local civil defense organizations, with personnel selected to head every branch of the preparedness program.

Application has been made for 50% federal aid to finance a complete radio system in the highway department, an addition of 6 radios to the sheriff's department and 3 for the Civil Air Patrol.

From the Surplus Property Department, emergency electric generators have been secured for the highway shop, courthouse and jail. Application has been made for similar generators for the County Hospital and Home.

Sixteen volunteer firemen from Mineral Point and Dodgeville

have qualified to teach Red Cross first aid classes. To date only one group of Dodgeville firemen have received this first aid training. County Red Cross officials state that the lack of necessary supplies have prevented holding similar classes in other communities which have applied for this training.

Another important step which must be taken soon is to secure auxiliary police in every community and give them proper emergency training under leaders approved by the State Civil Defense.

The very complete 200-bed emergency Civil Defense hospital arrived March 31 and is stored in the General Hospital and Highway Shop. Some items requiring refrigeration are being cared for at St. Joseph's hospital.

Our main efforts have been aimed at making preparations to care for evacuees who may come from alerted or bombed cities.

During this first year of operation the total cost of administration is $308.12 of which $48.41 was for supplies for Red Cross first aid classes, and $20.80 for supplies, $44.91 for mileage and $194.00 for salary of the county coordinator.

Respectfully submitted,
George Branger
Harley I. Hicks
R. O. Ralph
Ray King
Edw. T. Mundy, Coordinator

Sup. Ralph moved the report be adopted.

Sup. King seconded the motion.

Carried.

The above estimates are tentative. The total actual allotments will not be known until after the close of the fiscal year on June 30, 1959.

You were notified by our letter of April 1, 1958, of the estimated 1959 state trunk highway allotment under Section 84.03(3), the allocation of which has been completed.

Very truly yours,
State Highway Commission of Wis.
G. H. Bakke, Secretary

Report (No. 17) of Harry S. Ivey, Secretary of the Southwestern Wisconsin Fair Association was read.

Affidavit of Harry S. Ivey, secretary of the Southwestern Wisconsin Fair Association of the City of Mineral Point, Iowa County, Wisconsin.

STATE OF WISCONSIN }
IOWA COUNTY } ss.

Harry S. Ivey, being first duly sworn on oath, deposes and says:

1. That he is the duly qualified and acting secretary of the Southwestern Wisconsin Fair Association of the City of Mineral Point, Iowa County, Wisconsin.

2. That hereinafter appears a statement of the premiums paid by said Southwestern Wisconsin Fair Association in 1958, together with an estimate of state and county aids received thereon:

Total Open Class premiums, livestock	$ 3,275.00	
Total 4-H premiums	3,534.60	
Total Dairy Products premiums	65.00	
Total Horticultural premiums	48.25	
Total House and Domestic premiums	93.00	
Total Grain and Vegetable premiums	40.00	
Total Culinary premiums	132.00	
Total Educational premiums	233.75	
Total premiums:	$ 7,421.60	$ 7,421.60
Less premiums not covered by State Aid	$ 13.00	
Less Entry Fees collected	13.30	
Total adjustment for State Aid payable	$ 26.30	$ 26.30
Total premiums subject to State Aid		$ 7,395.30
Total State Aid received in 1958	4,339.20	
Total County Aid received in 1958	3,000.00	
Total County and State Aid received	$ 7,339.20	$ 7,339.20
Total overrun on premiums paid by State and County Aids anticipated and received		$ 56.10

(N. B. In the 1956 and previous reports, explanation was always made and necessary covering the possible reduction on state aid claimed on premiums as opposed to the amount actually received or realized. In reflecting the 1957 results, the actual state aid figures were available at the time the 1957 report was filed with the result that no explanation or reflection of possible reductions was necessary. Thus the 1957 claim for state aid was in the total sum of $6,837.90, the pro-rata deduction being 9.5 per cent or $459.17 in reduction of the amount claimed with the net state aid paid as reported and received being $4,374.18 as against state aid claimed of $6,837.90 in 1957.

This report similarly carries actual state aid received and for your information, the state aid claimed was $7,419.60, the same being subject to a 16.5 per cent reduction or $857.45 on state aid claimed with the net state aid payment being $4,339.20 as reflected above in this report for 1958.

If examination is made of the previous reports filed, it will be

found that all of them were subject to similar reductions and with regard to 1958, it will be noted that the reduction in state aid made is subject, that the current year would qualify among those in which the largest reduction was made on state aids claimed.)

3. That the Three Thousand Dollars of County Aid awarded to the Southwestern Wisconsin Fair Association of the City of Mineral Point, Iowa County, Wisconsin, for the 1958 fair was allocated to, used, applied to, and expended in the payment of premiums, judging, and general administration of the farm show as appears from the foregoing statement.

4. That your affiant makes this Affidavit in an effort to comply with the provisions of Section 49.86 of the Revised Wisconsin Statutes, and for no other reason.

Further your affiant saith not.

Harry S. Ivey,
Secretary of the Southwestern Wis. Fair Assn. of the City of Mineral Point, Iowa County, Wis.

Communication (No. 34) from the Division of Public Assistance and State Department of Public Welfare regarding the Iowa County Hospital and Home was read.

May 14, 1958

Mr. Joseph Dolphin, Superintendent
Iowa County Home
Dodgeville, Wisconsin

Mr. Carl Rowe, Chairman
Board of Trustees
Dodgeville, Wisconsin

Dear Sirs:

You have received a report of the visit of our representative to the Iowa County Home on March 14, 1958. That report contained a

number of recommendations relating to the improvement of care in the county home. We have had no acknowledgement of the recommendations with explanation of plans to abide by the requirements for a county home approved as a public medical institution.

We now have received a copy of the order of the Industrial Commission, dated May 2, 1958 relating to the safety of county home residents as it may be safeguarded by fire escapes to permit egress from the second floor in the event of fire. This matter is of much concern to us because we have noted that you have some very infirm patients housed on the second floor; the halls and stairways are very narrow; and the building is not fire resistive. Even though fire escapes are installed to comply with the requirements, residents who are unable to use them or the stairways should not be housed on the second floor of this building unless some other adequate means of protection is set up.

In view of our report sent to you on April 4, 1958 and the subsequent order of the Industrial Commission, please construe this letter as a notification that approval as a public medical institution may be withdrawn unless there is compliance with the requirements within 60 days.

Yours very truly,
Thomas J. Lucas, Director
Div. of Public Assistance

State Department of Public Welfare - June 23, 1958

FIRE AND ACCIDENT PREVENTION REPORT

Some additional fire doors must be installed and stair wells changed so as second floor patients would have an exit to ground level instead of going to first floor and then outside. The present fire doors should have fusible link self-closers installed.

We would be happy to meet with a committee to discuss these changes.

Civil Defense Report (No. 38) was read.

CIVIL DEFENSE REPORT NO. 38

To the Honorable Board of Supervisors of Iowa County,

Gentlemen:

We, your Commissioners and Coordinator, report 18 months of activity in Iowa County Civil Defense, instituted by you in April of 1957. As previously stated, all towns, villages and cities are included in the 12 Civil Defense centers in which personnel has been secured. There is still a great amount of work to be done if we are to be adequately prepared to care for evacuees in case of an enemy attack on our larger cities.

A good communication system in the sheriff's department is the heart of the county preparedness program and as yet federal aid on radios for civil defense centers, applied for last January and reapplied for in July, has not been approved. Fortunately a complete radio system has been installed in the Highway Department, including the base station and six mobile sets. Federal aid on this was applied for in January and in October a check in the amount of $2,923.24 was received.

Last January we received from Surplus Property two 10KW emergency generators to furnish electricity for the courthouse and highway shop and a 3KW for the jail and sheriff's radio system. These cost the county $205, plus repairs and according to the contract must be placed in operation within one year.

Last summer application was approved for two 35KW and three 15KW surplus property generators for the Iowa County Hospital and Home. To date one 35KW has been secured at a cost of $50. Similar application has been made through the Dodgeville CD Director for one 35KW and two 15KW generators for St. Joseph's Hospital. None are yet available.

Last March 31st we received a 200 bed emergency hospital which is stored at the Highway Shop and General Hospital. A representative of the State Board of Health recommended that this equipment be used to double the capacity of our two existing hospitals. This would still leave 80 beds and all equipment necessary for an emergency hos-

pital, for which a building would have to be secured and staff recruited. Mineral Point would be the ideal location for such a project.

Red Cross First Aid Classes are the most practical phase of the CD program, useful in peace time as well as in war. Last January, 14 Mineral Point and two Dodgeville Firemen completed the advanced course in order to be qualified to teach first aid. To date only the Dodgeville Firemen have taken this course. We understand that County Red Cross Chairman Harold Maynard has notified the local CD directors that he now has firemen available as first aid teachers You have approved paying them the regular mileage allowance. One such group is now being organized in the Dodgeville Center and includes auxiliary police and traffic officers.

In Dodgeville the Civil Defense leaders, teachers and auxiliary police recently completed a splendid five night course in Basic Civil Defense, taught by S. C. Anderson. Auxiliary police are the most important group in the whole Civil Defense program and local directors must work diligently with the sheriff's and traffic departments if enough men are recruited and trained for this important work.

During this 18 months period your CD Commissioners have approved expenditures of $70.97 for supplies for the Red Cross advanced class in first aid; $57.00 for auxiliary police arm bands and car decals; $30.00 for typewriter; $21.85 for other supplies; $55.76 for mileage and $233.00 salary for the County Coordinator, bringing total expenditures to $468.58.

Respectfully submitted this 12th day of November, 1958.

Gentlemen:

We, your Committee on Hospital and Home beg leave to report that on the 3rd day of November, 1958, we examined the accounts of the Hospital and home for the fiscal year ending June 30, 1958.

The books of the Hospital and Home were checked and found in accordance with the County Clerk's accounts. The report of the revenues received at the institutions for the Hospital and Home were compared with the receipts issued by the County Treasurer and found them also to be correct.

We wish to recommend that an appropriation of $13,000.00 be made for the upkeep of the Home and care of home inmates. We further recommend that an appropriation of $25,205.88 which is the amount due the hospital fund for the care of county patients at the County Hospital less collections in the amount of $5,014.70 be made. The total county appropriation recommended is $20,191.18. The anticipated state aids for the Hospital is $156,159.03. The anticipated farm revenues is $40,000.00. The total of the above mentioned appropriations and anticipated revenues will give the Iowa County Hospital a working fund of $216,350.21 for the year 1959.

RESOLUTION NO. 6

To the Honorable Board of Supervisors of Iowa County:

Gentlemen:

WHEREAS, the undersigned Committee was instructed by the County Board at the November session to study the feasibility of hiring a full time registered Engineer by Iowa County Highway Department and bring in a recommendation at the January Session,

WHEREAS, this Committee has made a study of the needs and costs to Iowa County of a full time registered engineer in addition to the Highway Commissioner, we found the following data which is as follows:

1—Needs: Part time engineering service required each year.

2—Cost to County:

A—Salary - $7,500.00 - $8,000.00 per year.

B—Office equipment - $1,500.00

C—Car furnished plus expenses - $3,000.00

Total of $12,500.00 and,

WHEREAS, this Committee feels that the cost of having a full time registered engineer in Iowa County is very costly and therefore we contacted a registered engineer on a part time basis for forty days or more service per year with car and equipment at the rate of 40 days, $1,400.00 per year.

Resolution (No. 7) relative to per diem of County Highway Committee members was read.

To the Honorable Board of Supervisors of Iowa County,

Gentlemen:

Whereas, Section 83.015 of the Wisconsin Statutes provide, the County Highway Committee shall be paid the same per diem for the time necessarily spent in the performance of their duties as is paid to members of other county board committees, not, however, exceeding $500.00 for per diem, or the maximum amount fixed by the county board to any member in any year.

Whereas, the increased highway activities due to purchases of Right of Way on Federal Aid Secondary projects, Logging county highways for the State Highway Commission and compiling county highway register under Section 83.01(7) (g) Wisconsin Statutes, 1957, the per diem of the county highway committee has exceeded the $500.00 as set by statutes,

And, Whereas, the County Board of Supervisors have raised per

diem and mileage of the supervisors of Iowa County at different Board sessions,

NOW, Therefore, your Committee on Bonds and Salaries recommend that the County Board of Supervisors authorize the County Clerk to pay the members of the highway committee, the increase in per diem over 500.00, not to exceed $1,200 to any member in any year.

Resolution (No. 8) relative to the purchase of a power unit for the secondary crusher for the highway department was read.

To the Honorable Board of Supervisors of Iowa County:

Gentlemen:

Whereas, the power unit on the secondary crushing plant was purchased in 1953 and has run 6 seasons with low maintenance cost, crushing about 600,000 cubic yards of crushed stone.

Whereas, said unit is short of horse power to operate said plant at maximum production which overloads the motor, thereby causing excessive wear and increases the cost of material produced.

Whereas, said power unit is in need of a general overhauling at an estimated cost of $3,000.00 which will not increase the horse power needed for efficient operation.

And, Whereas, the power unit on the primary crushing plant is of the same make and parts are interchangeable, therefore we recommend that said equipment be traded off on a larger unit of same make, before repairs are made.

Now, Therefore, Be It Resolved that the Highway Committee be authorized under Section 83.015 Wisconsin Statutes, to purchase by calling for bids on equipment of particular make which they deem most advantageous to Iowa County. Iowa County Highway Committee may accept or reject any or all bids.

Iowa County incurred four deaths during the year, one by head on collision, three by losing control of vehicle and running off the roadway. Of these deaths the Townships of Mifflin, Linden, Mineral Point and Pulaski contributed one each.

The average age of a driver involved in an accident in this coun-

ty was slightly under 39 years of age, while as a general rule the age of the driver decreased as the severity of the accident increased.

Horsepower had little if any effect on the accident picture in this county, many of our more severe accidents involving older cars of comparatively low power. With additional horsepower has come doors designed to stay closed under severe stress, which has saved numerous lives during the past year.

Mr. Austin Maxon, Director of the Iowa County Public Welfare Department was introduced to the Board and spoke on welfare matters.

Annual Report (No. 31) of the Welfare Department was presented.

Dodgeville, Wisconsin, January 27, 1959

The Honorable Board of Supervisors, Iowa County

Dodgeville, Wisconsin

Gentlemen:

We are submitting the annual report of the Iowa County Public Welfare Department for the year 1958. In this report we are presenting interpretative material for a better understanding of the job the Public Welfare Agency is attempting to do. The job of the caseworker and the clerical staff is also elaborated upon. We hope that this report will give those reading it a picture of a welfare agency, and how it operates for the best interest of the people it has been set up to serve.

This report includes all the expenditures for the categorical aids such as Old Age Assistance, Aid to Dependent Children in Foster Homes, Blind Aid, Aid to the Totally and Permanently disabled as well as for General Relief and Administration.

If, as a result of reading this report, you desire further factual information, please feel free at any time to visit your county welfare agency. Besides becoming better acquainted, we would like to show you the modern office facilities that we now have available.

The Iowa County Welfare Board and agency staff are very appreciative of the fine cooperation received from the Iowa County Board of Supervisors, county officials, the Iowa County Medical Society and other professional and lay people of Iowa County, with whom we have come in contact during the past year. It would have been difficult, if not impossible to have given Iowa County an efficient and

business like welfare administration, without this fine help and co-operation.

Respectfully,
Austin H. Maxon, Director
Iowa Co. Public Welfare Dept.

OLD AGE ASSISTANCE

This is our largest program and thus is the most expensive. Most cases have need for regular and prolonged medical care. This is, of course, necessary and is expensive.

In 1958 cash payment was made to an average of 305 persons per month. Due to the age of many of our recipients, there is a need for expensive hospitalization, nursing home care and home care. Our old Age Assistance program is becoming more and more a medical program. Thus, with the increase in medical costs, such as hospitalization, nursing home care, physician's services, dental services, drugs, and other medical services, the assistance payments are bound to show an increase, due to this medical cost.

EXPENDITURES

Cash payment to beneficiaries	$212,367.93	
Medical payments	23,482.73	
Burials	1,822.63	
Total expenditures		$237,673.29

SOURCE OF FUNDS

State reimbursement	68,967.81	
County's share	28,108.25	
Refunds	2,216.65	
Total		$237,673.29

ESTATE COLLECTIONS

Total amount received:		
Disbursements:		
Federal	$ 5,019.17	
State	3,320.31	
County	2,033.68	
Total		$ 10,373.16

AID TO DEPENDENT CHILDREN

The second largest program in terms of number of cases and cost is the program called Aid to Dependent Children. Through this program, Iowa County provided care for a monthly average of 32 individual cases involving an average of 85 children.

There are many problems with these cases because many are broken home situations caused by divorce, abandonment and separation and the death of one of the parents. Others involve physical incapacitation of one or the other parent, usually the fathers.

As part of our Aid to Dependent Children program, we also pay for care in foster homes. This program is increasing, due to cases referred to us by the Iowa County Court in cases of neglect by the parents of their children. These children are then removed from the parents, custody given the agency, and the children placed in licensed foster homes in Iowa County. Due to the shortage of foster homes in Iowa County, it has been necessary to place some of these children in foster homes in other counties.

Expenditures —

Cash payments to beneficiaries	$ 46,373.85	
Medical payments	6,066.83	
Total expenditures		$ 52,440.68

Source of Funds —

Federal reimbursement	$ 27,717.07	
State reimbursement	15,820.61	
County Share	5,692.38	
Refunds	3,210.62	
Total		$ 52,440.68

AID TO THE TOTALLY AND PERMANENTLY DISABLED

The number of recipients of this aid is on the decrease. The average case load in 1958 was 2 cases per month, a decrease of 2 cases per month, over 1957. Unless the law liberalizes eligibility, the agency does not anticipate too great an increase in the number of cases. Due to the great need of medical care, in cases such as these, the cost is relatively high, for such a small program. In most cases, the chances of recovery are almost non-existent. Thus, unless death terminates the need for financial aid, these cases are of long duration.

Expenditures —

Cash payments to beneficiaries	$ 2,069.44	
Medical payments	280.55	
Total		$ 2,349.99

Source of Funds —

Federal reimbursement	$ 1,138.24	
State reimbursement	717.76	
County share	392.43	
Refunds	101.56	
Total		$ 2,349.99

AID TO THE BLIND

The blind aid program has been stable in the number of assistance cases carried and the general pattern of increase in average awards is evident in this program as in the others. We have carried an average of 5 cases during the past year.

Expenditures —

Cash payments to beneficiaries	$ 4,162.50	
Medical payments	155.15	
Total		$ 4,317.65

Source of Funds —

GENERAL RELIEF

The General Relief costs for Iowa County have increased to a certain extent due to the weather and seasonal lay offs. It is anticipated that in the early part of 1959, that general business conditions will improve and thus the General Relief costs will decrease.

There has been every effort made to get the able bodied recipients to assume the responsibility of themselves and their families.

There were dental and medical bills that were assumed by the present director that has been incurred by the previous administration, that had to be paid, as the agency had agreed to pay. This, naturally, caused the relief expenditure to be higher.

The cases of General Relief clients are brought up and discussed at the monthly meetings between the county welfare board and the director. Due to the high medical cost, of a few of the General Relief cases, and the cost of care of those with legal settlement in Iowa County who live in other counties, the costs have been higher in 1958 than in 1957. This increased cost for General Relief in counties, is the trend state-wide. Even in the rural counties, the effects of the recession have been felt.

Expenditures —

Resident relief	$ 14,978.24	
Residents in other counties	6,505.10	
Non-residents	3,512.41	
State dependents	2,388.36	
County-at-large	140.93	
Total		$ 27,525.04

Source of Funds —

Received from other counties	$ 3,104.38

Balance due on State Dependents	2,388.36

Refunds from other sources	101.57	
General Relief account	18,200.22	
Total		$ 27,525.04

AGENCY ADMINISTRATION

The cost of administration is the expense of operating the Iowa County Public Welfare Department. This includes the salaries paid to the seven employees of the agency, expense of necessary travel to carry out the functions of the department and the other office maintenance expenses.

As the data received from the State Department of Public Welfare on reimbursement is approximately two months in arrears, the twelve months covered by this report on administration is from November 1, 1957 through October 31, 1958.

The total adminstrative costs increased by approximately $3,744.00 over 1957, due to increased salaries and the addition of another staff member. The agency has had the need of additional clerical help for some time and added a third clerical worker in July, 1958.
