Resolution (No. 5) relative to 1960 County Boards Association dues was read.

WISCONSIN COUNTY BOARDS ASSOCIATION

September 25, 1959

To All County Clerks:

Relating to 1960 Dues for the Wisconsin County Boards Assn.

Gentlemen:

We have received requests from several county clerks asking that we advise them of the amount that should be placed in the budget to cover Association dues for the year 1960.

Listed below is the detail of the dues for the year 1960 so that you will have the proper amount to place in your budget.

You will notice that in accordance with a resolution adopted at the convention at Rhinelander on September 22nd that the magazine dues have been increased at the rate of \$1.00 per year per subscription.

The Association authorizes the increase of magazine dues for the year 1960 in order to cover the increased cost of publication of the magazine. This is the first increase of magazine dues in the past three years.

The regular Association dues will remain the same as in the previous year. These have not been increased since 1951 but are sufficient to carry on Association activities.

Your cooperation in seeing to it that this amount is placed in the county budget for the coming year will be appreciated.

Very truly yours,

Wis. County Boards Association

Report (No. 11) of the Civil Defense Committee and the County Coordinator was read.

CIVIL DEFENSE REPORT

November 9, 1959

To the Honorable Board of Supervisors of Iowa County:
Gentlemen:

We, your Civil Defense Committee and County Coordinator report on the activities for the period from December 1958 to November, 1959.

During the winter months a total of 116 persons completed the First Aid Course. These first aid classes were held at Hollandale, Dodgeville, Cobb, Mineral Point, Avoca, Linden, Barneveld and Arena. The Dodgeville class was instructed by Mr. Schmoekel and Mr. Eichorst of Dodgeville. The other seven classes were instructed by members of the Mineral Point Fire Department under the supervision of H. J. Maynard, Iowa County First Aid Chairman.

The Iowa County Medical Association recommended Dr. E. J. Hohler, Mineral Point as County Civil Defense Medical Officer. He was appointed in April, 1959.

Several joint meetings of the Civil Defense Committee and the Sheriff's Committee were held in Dodgeville during June and July to discuss ways and means of obtaining a new county wide communication system. Representatives from radio manufacturers appeared before the committee. Finally the services of Douglas Lewis, a communication expert from the Madison Police and Sheriff's Department was obtained. Through his advice the committees voted to install a new system which would conform to the latest Federal regulations. This equipment was to be purchased through the Civil Defense, under which the Federal government would appropriate matching funds.

Mr. Lewis assisted the committees in making application for the Federal Aid and also gave valuable advice as to the equipment to order. It was voted by the joint committee to apply for Federal Aid, known as matching funds in the amount of \$4,100.05. This application for Federal Aid was approved by N. A. Blum, State Director of Communications and by Ralph J. Olson, State Director of Civil Defense.

The application was made June 30, 1959 and was approved by the Regional Director, Paul K. McDonald on September 8, 1959. The amount of aid will be \$4100.05 for the system. The equipment is on order at this time.

Periodic inspections were made of the 200 bed emergency hospital unit as well as of other equipment at the Iowa County Shop, General Hospital and St. Joseph's Hospital. The required reports of these inspections were sent to the state office of Civil Defense according to regulations.

New organization plans have been made by the State Department of Civil Defense regarding this District. Dodgeville will become one of the key cities for the southwest exacuation region. The supply depot for the entire southwest section of the state will be located here. This means that all supplies for five counties in the evacuation area will be stored here as well as for the some 150,000 evacuees who will come from Madison and Dane County, a target area, in case of an emergency.

During the eleven month period the committee has approved expenditures of:

2. That hereinafter appears a statement of the premiums paid by the Southwestern Wisconsin Fair Association in 1959, together with a statement of the state and county aids received thereon.

Total Open Class Premiums, Livestock ----- \$ 2,661.00
Total 4-H Premiums ----- 3,222.00

| Total Overrun on Premiums Paid by State and County Aids Received in 1959, Including 1958 Restoration of 17% State Aid Deficit ----- | | \$ 2,959.20 |

(N. B. This report carries actual state aid received of Forty-Five Hundred Fifty-two and no/100 (\$4,552.00) Dollars, but the state aid claimed was Sixty-four Hundred Fifty and 25/100 (\$6,450.25) Dollars.

This results from the following computation:

| | |
|--|-------------|
| Total State Aid Claimed ----- | \$ 6,450.25 |
| Less Premiums Ineligible for State Aid ----- | 141.45 |
| Net Premiums Eligible for State Aid ----- | \$ 6,308.80 |

State Aid Computation:

| | |
|---|-------------|
| 80% of first \$5,000.00 ----- | \$ 4,000.00 |
| 50% of excess over first \$5,000.00 of \$1,308.80 ----- | 654.40 |
| Total Premiums Allowed for State Aid ----- | \$ 4,654.40 |
| Less Pro-rata Deduction ----- | 102.40 |
| Total 1959 State Aid Paid ----- | \$ 4,552.00 |

The foregoing 1959 state aid computation does not include the 1958 restoration of seventeen per cent state aid deficit of Eight Hundred Fifty-Seven and 45/100 (\$857.45) Dollars.

One other factor must be recognized, namely, that the 1958 claim for state aid was based upon a gross premium list of Seventy-four Hundred Nineteen and 60/100 (\$7,419.60) Dollars, whereas the 1959 premium list was based on a gross premium list of Sixty-four Hundred Fifty and 25/100 (\$6,450.25) Dollars, which variation is accounted for by the fact that there was less premium money claimed because the number of exhibits and exhibitors decreased, and this is subject to constant variations from year to year, the uncertainty of the past cropping season being probably the determining factor in the variations of exhibits and exhibitors in the past two years.)

3. That the excess of state and county aids of Twenty-nine Hundred Fifty-nine and 20/100 (\$2,959.20) Dollars for 1959, was applied to, allocated, and used for the show administration expenses, additional housing, and generally for building grounds and maintenance, the latter having been subject to serious delayed maintenance because of the very tight financial program experienced by the fair in other years. That it is the considered judgment of your Fair Board that exhibits and exhibitors will increase during the next year to reduce the past year's overrun and the future of the fair requires that its buildings and grounds be maintained; that therefore the need for the County aid of Four Thousand and no/100 (\$4,000.00) Dollars will continue to persist until the Southwestern Wisconsin Fair Association

is able to overcome the delayed maintenance on buildings and grounds of the past.

4. That your affiant makes this affidavit in an effort to comply with the provisions of Section 59.86 of the Revised Wisconsin Statutes and for no other reason.

Further your affiant saith not.

Southwestern Wisconsin Fair Assn.

Resolution (No. 24) relative to amending the state law for a more equitable distribution of Federal Aid Funds on Social Security Aids was read.

RESOLUTION NO. 24

To the Honorable Board of Supervisors of Iowa County:
Gentlemen:

WHEREAS, In 1958 Congress again changed the federal aid formula for recipients of Old Age Assistance grants by raising the maxi-

mun amounts subject to federal matching by increasing the federal share of assistance payments and by providing that the reimbursement would be made on the basis of "state-wide" overall caseload average costs including both the regular grants (money payment to recipients) and vendor payments for medical care (direct payments to doctor, hospital, etc.) rather than the former separate payment formulas for money grants and vendor payments on an individual case by case basis, and

WHEREAS, Present Wisconsin state aid laws which have not been revised since the new federal aid formula have the effect of retaining approximately 75% of these increased funds at the state level of government with the counties sharing in only the remaining 25% as evidenced by the following table:

OLD AGE ASSISTANCE COSTS

| | Federal Share | State Share | County Share |
|----------------------------------|------------------|----------------|-----------------|
| First 6 months of 1958 | | | |
| ("Before" new federal formula) - | 47.37% | 31.91% | 20.72% |
| First 6 months of 1959 | | | |
| ("After" new federal formula) - | 55.01% | 26.06% | 18.93% |
| | 7.64% | 5.85% | 1.79% |
| | Increase | Decrease | Decrease |

WHEREAS, A study of the effect of this federal formula change shows that in order to hold the same relative position in the sharing of Old Age Assistance costs between the state and counties that existed prior to October 1, 1958 (the effective date of the new federal aid formula) approximately \$1,500,000 additional portion of the new federal aid received by the state should be apportioned to counties, annually, and

WHEREAS, This can best be accomplished by changing the state aid formula for medical care costs of the aged (vendor's payments) so as to provide that the counties and the state share 50-50 in these costs "after" applying the federal aid received by the counties for this purpose (now state 35% - counties 65%), and

NOW, THEREFORE, BE IT RESOLVED, That Iowa County in the interest of securing a more equitable share of the increased federal aid for the cost of care of the aged and in the interest of reducing the real estate taxes required to finance the county share of these programs respectfully solicit the support of the legislature to amend the state law so as to provide 50-50 sharing of the medical care costs of the aged "After" the application of federal aid instead of the present 35% state - 65% county basis, and

BE IT FURTHER RESOLVED, That a copy of this Resolution be sent to the Honorable Senator Robert S. Travis, the Honorable Assemblyman, Walter B. Calvert and to A. J. Thelen, Secretary of the County Boards Association.

Resolution (No. 25) concerning the handling of hospital equipment was read.

RESOLUTION NO. 25

To the Honorable Board of Supervisors of Iowa County
Gentlemen:

WHEREAS, The Iowa County Public Welfare Department has for a number of years handled hospital equipment (wheel chairs, crutches, hospital beds) purchased through the sales of magazine subscriptions by Veterans Organizations of Iowa County, and

WHEREAS, The handling of this hospital equipment, by the Welfare Department, was considered to be a public health service, the Wisconsin State Department of Public Welfare, Division of Public Assistance, stated in the 1957 Administrative Review of the Welfare Department that the responsibility for this project might be more appropriately handled by the Veterans Service Officer, and since in the annual time study, the question of reimbursement of administrative time spent on handling these health appliances has raised, and

WHEREAS, It would appear that the handling of such hospital equipment is more of a health than a welfare matter, that perhaps the Iowa County Nurse might more appropriately handle it,

NOW, THEREFORE, BE IT RESOLVED, That the Iowa County Public Welfare Department, due to the pressure of regular welfare work and as recommended by the Wisconsin State Department of Public Welfare, Division of Public Assistance, be hereby relieved of the necessity of handling this hospital equipment.

Report (No. 31) of the Committee on Treasurer's, Clerk's and Highway Accounts on the audit was read.

Dodgeville, Wisconsin, November 7, 1959

To the Honorable Board of Supervisors:

Gentlemen:

We, your Committee on Treasurer's, Clerk's and Highway Accounts, wish to report that on July 21, 1959 we met with Mr. David Scott, auditor for the State Department of audit. We heard the auditor's report and suggestions as to changes to be made.

It is recommended that the Justices use the "report of collections" form in reporting fines to the County Treasurer.

It is further recommended that the balance of \$8.47 in the "Excess Delinquent Taxes Held for Districts" account be paid to the City of Mineral Point. This amount represents the City of Mineral Point's equity in tax deeds held by Iowa County on December 31, 1958 for

excess delinquent taxes returned to the county in 1933, 1934 and 1935 on the former Mrs. Fred Wenger property—Lots 107 and 108 Irvin's addition and the Anna L. Thrasher property—Lot 213 Harrison's Survey. When these properties are sold the county will then retain the full sale price.

It is also recommended that the 1957-1958 audit report by the State Audit Department be accepted and placed on file.

C.—General Maintenance, A. F. E. Projects, Snow and Ice Removal on all State Trunk Highways. Enlarged and constructed parking areas in Governor Dodge State Park.

Bad weather conditions throughout the year interfered with all construction and maintenance operations causing late completion and left some jobs uncompleted. Weather conditions permitting we hope to do more seal coating which we feel is urgently needed.

This report represents the work we have supervised to properly improve and maintain our highways on a county wide basis. We have purchased a new paver which we feel will improve the quality of our Bituminous mats and provide smoother travelling surface.

In conclusion we wish to express our thanks and appreciation for the splendid co-operation which we have received during the past year from each member of this honorable body, Commissioner, Patrol Superintendent, Foremen, employees of Iowa County and personnel of the State and Federal Highway Departments.

Report (No. 14) of the Iowa County Sheriff giving a summary of Jail and Sheriff's department activities for 1959 was read.

To the Honorable Board of Supervisors for Iowa County, Wisconsin:

I, Ray M. Reese, hereby respectfully submit the following summary of Jail and Sheriff's Department activities during 1959.

On January 5, 1959, we took office in the old jail quarters, adjacent to the Court House. We have been busy ever since. On December

3, 1959, we moved into the new jail building on North Bequette street, where we have been adjusting to new situations up until the present time. The new jail is so much different from the old jail in every way.

The prisoners are locked in separate cells at 10 p.m. each night until they are released for breakfast the following morning. The prisoners in the main cell block are fed from the kitchen where the food is passed through a small door. The Juvenile section and female areas are not adjacent to the kitchen. As soon as the meal is over the dishes are returned to the kitchen where they are washed and stored away. It is deemed best to wash the jail dishes in the kitchen as the prisoners do not clean them thoroughly.

We have had 198 prisoners at the Jail during 1959 to whom we have furnished 2,750 meals. This figure does not include Juveniles nor female prisoners or Juvenile prisoners kept at other Jails pending completion of the new jail.

We have had several prisoners working out under the Huber law, wherein, men go to their jobs each morning and return to the jail each night. In most cases this has worked out with a good measure of success.

We have new two way radio equipment at the new location which is working very well. We are in contact with all communities within a radius of 75 miles.

The county emergency vehicle is kept at the Dodgeville fire station and is manned by volunteers of the fire department, who have been trained in the administration of first aid, has had a busy year.

I commend these men who drop whatever they are doing to take the vehicle out anytime, twenty-four hours a day, seven days a week. I think it should be pointed out that this is an emergency service only. The crew should not be called out to perform work which should be turned over to private ambulance owners. If, however, an emergency does exist, this service is quickly available by calling the Sheriff's department at Dodgeville, Telephone No. 5561.

Dated at Dodgeville, Wis., this 18th day of January, 1960.

ANNUAL REPORT OF THE IOWA COUNTY PUBLIC WELFARE DEPARTMENT - 1959

Dodgeville, Wisconsin, January 19, 1960

The Honorable Board of Supervisors, Iowa County:

Dodgeville, Wisconsin

Gentlemen:

We are submitting the annual report of the Iowa County Public Welfare Department for the year 1959. In this report we are presenting interpretative material for a better understanding of what this agency is attempting to do. We hope that this report will give those reading it a picture of the welfare agency and how it is operating, for the best interest of the people that it has been set up to serve.

This report includes all the expenditures for the categorical aids such as Old Age Assistance, Aid to Dependent Children, Blind Aid, Aid to the Totally and Permanently Disabled, as well as for General Relief and Administration.

If, as a result of reading this report, you desire further factual information, please feel free at any time to visit your county welfare agency.

The Iowa County Welfare Board and agency staff are very appreciative of the fine cooperation received from the Iowa County Board of Supervisors, county officials, the Iowa County Medical Society, Iowa County dentists, optometrists, Iowa County lawyers and other professional and lay people of Iowa County, with whom we have come in contact during the past year. It would have been difficult if not impossible to have given Iowa County an efficient and business like welfare administration, without this fine help and cooperation.

OLD AGE ASSISTANCE

This continues to be our largest program and the most expensive. This is due, to a large part, for the need for regular and prolonged medical care. While it is necessary, the fact remains that it is expensive.

In 1959 cash payments were made to an average of 291 persons per month. The average age of Old Age recipients is becoming higher. This means that they are in need of a considerable amount of medical care; such as hospitalization, nursing home care, physicians services, drugs, dental care, etc. As the cost of this care increased, the assistance payments are bound to rise.

AID TO DEPENDENT CHILDREN

The agency's second largest program, in number of cases and cost, is the Aid to Dependent Children program. Iowa County provided care for a monthly average of 37 individual cases involving an average of 100 children in 1959.

Included in this program, are the foster home cases. Due to the number of cases being referred to this agency by the Iowa County Court, the program called Aid to Dependent Children in Foster Homes is on the increase.

AID TO TOTALLY AND PERMANENTLY DISABLED

According to the now more liberalized definition of a disabled person, as acted upon by the 1959 Wisconsin State Legislature, "a totally and permanently disabled person, is a person who has a medically demonstrable impairment, which is permanent and which prevents such person from engaging in a useful occupation within his competence."

Thus, due to this more liberal interpretation of a disabled person, the number of recipients receiving this form of aid is on the increase. Several General Relief cases have qualified, due to physical disability, for an Aid to Disabled grant. The number of cases added, while small in number, is on the increase. It is anticipated that even more cases will be added to this program in 1960. The agency is continuing to screen the General Relief caseload for possible cases to be referred to this form of aid.

The average caseload in 1959 was 3 cases per month, an increase of 1 case per month, over 1958. There were two cases added in January 1960, thus, the Disabled Aid caseload is now five.

GENERAL RELIEF

The costs for General Relief in Iowa County have continued to be high. The lack of employment opportunities, seasonal farm layoffs and the weather, has caused an influx of relief recipients. The agency has continued to make every effort to get the able-bodied men on jobs.

At the November 1959 session of the Iowa County Board of Supervisors, a County Work Relief Project was approved. It is hoped by the able-bodied recipients having to work for the relief orders grant-

ed, that the number of such needy individuals will decrease. With the increase in employment, and having to work for relief, the possibilities are good, that this agency will have less such cases in the future.

EXPENDITURES

| | |
|-----------------------------------|---------------------|
| Resident Relief | \$ 18,913.90 |
| Residents in other counties | 8,986.26 |
| Non-Residents | 4,051.05 |

| Balance due on State Dependents | 0. |
| Refunds on State Dependents | 2,408.64 |
| Refunds from residents | 10,417.55 |
| Refunds from other sources | 155.03 |
| General Relief Account | 15,005.92 |
| Total | \$ 32,074.19 |

The County Welfare Board at their January 1959 monthly meeting approved reducing the food allowances for General Relief recipients by 25%, from the allowances made for social security aids recipients. In adult only cases, this was not done, however. This usually only affected the larger General Relief families.

Due to the high medical costs, in a few General Relief cases, and the cost of care for those with legal settlement in Iowa County, who live in other counties, the relief costs have been higher in 1959 than in 1958. The increased cost for General Relief has been the trend state-wide.

The General Relief caseload of Iowa County is not large. Thus, a few cases added or a few cases less will cause the figures to show a considerable percentage change. As one can see, the percentage change from 1958 to 1959 would seem greater than they actually are in terms of the number of cases involved and in the expenditure of money.

AGENCY ADMINISTRATION

The cost of administration is the expense of operating the Iowa County Public Welfare Department. This includes the salaries paid to the eight employees, per diem and travel of the three County Welfare Board members, expense of necessary travel by staff members, to carry out the functions of the agency and the office maintenance expenses.

Since the reports on administration from the State Department are always two months in arrears, we are reporting the amount of expenditures for the entire year of 1959. However, we are estimating the reimbursement from the State and Federal Government for November and December, 1959.
