

Save Money with an FSA!

Enrolling in a flexible spending account (FSA) saves you approximately 30%* on your eligible expenses, meaning a \$1,000 eligible expense costs you about \$700. You get these savings because the contributions you make to an FSA are exempt from Federal, State, and FICA payroll taxes.

*This tax example is a broad approximation of tax liability. Your specific savings depend on your tax bracket. You should consult a tax advisor for help with your own situation. Current IRS tax laws control all pre-tax payment and contribution matters and are subject to change.

Next Steps

- Consider the different FSAs available to you and learn how to get the most savings by visiting www.ebcflex.com/FSASavings
- Consider your [eligible expenses](#) and decide how much to contribute.
